PROJECTS

RentGuide

01/2023 - Present <https://ayushv75.github.io/RentGuide/>

RentGuide is an innovative online platform aimed at simplifying the process of finding a rental property by providing comprehensive information and resources to help landlords and renters alike.

- Led the development and launch of RentGuide, streamlining the rental search process for Canadian renters.
- Designed and developed key features, including a landlord page, tenant page, login page, and contact page.
Landlord Page: Created a dashboard for landlords to efficiently manage rental properties, view tenant applications, and communicate with prospective tenants.
- Tenant Page, Login Page, and Contact Page: Enhanced user experiences, enabling renters to browse, compare properties, refine searches, access resources such as rental calculators and moving guides, and easily contact property managers.

EDUCATION

Diploma in Computer Programming

CONESTOGA COLLEGE

09/2021 - 04/2023 GPA 3.5 / 4.0

SUMMARY

A highly motivated and adaptable IT professional with a comprehensive skill set that includes web development (HTML5, CSS3, JavaScript, JQuery, ASP.NET, MVC), database management (MySQL), server-side scripting (Node.js), and a strong understanding of UI/UX design principles. While I currently lack direct IT support experience, my background in computer programming, problem-solving abilities, and dedication to customer service make me an ideal candidate for this role. I am committed to gaining hands-on experience in IT support and network management while pursuing relevant certifications. I thrive in high-pressure situations, excel in multitasking within fast-paced IT environments, and am committed to delivering innovative solutions.
